Subject: COCC - Paid Summer Culinary Internship & Job Opportunities

External Email - Use caution with links and attachments

Hi Wayne,

I hope this email finds you and your colleagues well and safe. We reached out to you earlier in the year regarding open culinary positions for the summer. Now that we approach Summer 2021, I wanted to reach out once again and ask if you can forward the information below to any of your students that are still interested in summer positions or internships.

We have several hands-on internships available for students working as part of our Chef/Kitchen Team, or students interested in being part of the management of our Dining Hall. Throughout the summer, our camp serves 700 people, three meals per day plus numerous special and themed events.

The position includes a salary, travel plus all room and board. To that end we wanted to see if you could forward the below internship/job description and how to apply to your Culinary Students.

Thank you, Meg

Hiring for a Unique Culinary Job Opportunity in the Berkshire Mountains

Culinary staff will work in our kitchen located on our 90-acre campus located in Western Massachusetts. The job is available to undergraduate and graduate level culinary students seeking real-like cooking experience in a fast-past environment.

Candidates should be able to handle independent assignments and responsibility. Our facility feeds on average 650 people three meals a day plus numerous special events and theme meals throughout the summer. You will cook under the direction of our Executive Chef and aid in creating menus and placing/receiving weekly food orders.
